

## Lettere consigliate da Anna M. Tortorano (aprile 2019)

Si segnala il recente supplemento di *Journal of Antimicrobial Chemotherapy* (Volume 74, Issue Supplement\_2, March 2019) che riporta la revisione degli "standard of care" per le più frequenti infezioni fungine invasive tenendo conto anche delle nuove possibilità diagnostiche, dei nuovi farmaci e del crescente problema delle resistenze agli antifungini.
