José Luis López-Ribot (San Antonio)
Leyre López-Soria (Bilbao)
María Teresa Martín (Barcelona)
Estibaliz Mateo (Bilbao)
Patricia Muñoz (Madrid)
Javier Pemán (Valencia)
Jon Salmanton-García (Cologne)
Ferran Sanchez-Reus (Barcelona)
Manuel Antonio Rodríguez-Iglesias (Cádiz)
Miguel Salavert (Valencia)
Rafael Zaragoza (Valencia)

TIMM

Trends in Medical Mycology

12th Trends in Medical Mycology

TIMM 2025

19-22 September 2025, Bilbao Spain

www.timm2025.org

IMPORTANT DATES 2025

April 27, 2025	Abstract deadline
May 11, 2025	Deadline early-bird registration fee
July, 2025	Abstracts letters of acceptance will be mailed
August 1, 2025	Deadline late breaking abstracts
September 13, 2025	Deadline regular registration fee

(information on late breaker abstracts will be available in due time)

WELCOME TO THE 12TH TIMM 2025!

Dear Friends and Colleagues,

It is a great honor and pleasure for us to cordially invite you to participate in the 12th Congress on Trends in Medical Mycology (TIMM-12), scheduled to take place from September 19th to 22nd, 2025, at the Euskalduna Conference Centre and Concert Hall, Bilbao, Euskadi (Basque Country), Spain.

TIMM-12 is organised by the European Confederation of Medical Mycology (ECMM) working together with the Spanish Association of Mycology (Asociación Española de Micología -AEM) to offer you an attractive scientific and social programme.

Over the last decades, TIMM has established itself as an essential first-class global forum where more than 1000 scientists and clinicians present their latest advances and research findings in the field of medical mycology, combined with the provision of targeted educational workshops.

TIMM-12 will cover new fascinating insights into the biology of fungi, intriguing host-fungal interactions, updated diagnostic and therapeutic management approaches, changing dynamics in clinical epidemiology, as well as the emergence of antifungal resistance and newly discovered fungal pathogens. The scientific topics are designed to be from bench to bed for basic scientists in medical mycology, medical mycologists, microbiologists, and a wide range of clinicians specialised in adult or paediatric infectious diseases, haematology, oncology, transplantation medicine and primary immunodeficiencies; critical care, dermatology, as well as immunology, and all others with an interest in medical mycology. TIMM-12 will be an excellent opportunity for all participants to meet face-to-face with old friends and colleagues, make new friends and establish new collaborations in medical mycology.

Don't miss this opportunity to attend TIMM-12 in Bilbao and experience our rich gastronomic and cultural background. The Basque hospitality will make your participation in TIMM-12 unique and unforgettable. Bilbao is a city where tradition and avant-garde coexist. The Nervión River is our backbone and on its banks are some of the icons of Bilbao's industrial past and futuristic present, a lively and friendly city to stroll through its bustling streets and taste its good tapas (pintxos) and world-renowned wines.

Therefore, we warmly invite you to TIMM-12, to visit Bilbao, Euskadi (Basque Country) and enjoy excellent world-leading science with us in a beautiful and enchanting part of the north of Spain.

We look forward to welcoming you to TIMM in Bilbao!
TIMM-12, executive committee

Executive Committee

Guillermo Quindós (Organizer)

Ana Alastruey (President of AEM)

Jean-Pierre Gangneux (ECMM)

Johan Maertens (ECMM)

MAIN TOPICS

Antifungals

Emerging Fungal Pathogens

Candida

Aspergillus

Fungal Infections in the Immunocompromised Host

Dermatomycology

Taxonomy, Epidemiology, Ecology

Classic and New Diagnostic Methods

Host Fungus Relationship

Virulence Factors

GENERAL INFORMATION

Location

TIMM-12 will be held in **Euskalduna Conference Centre, Bilbao, Spain.**

This multi-purpose complex is located in the heart of the city of Bilbao, close to the international airport. The Euskalduna Conference Centre has facilities to comfortably accommodate the attendance of the TIMM delegates and the concomitant trade exhibition.

Programme

The final programme will be available in the spring of 2025.

Website

All actual information will be available on: www.timm2025.org

Timing

TIMM-12 will start on Friday 19 September 2025 with registration, symposia, keynote lectures, sponsored symposia, opening ceremony and welcome reception. TIMM-12 will end on Monday 22 September 2025 at noon.

Abstract deadline

The deadline for abstract submission is Sunday 27 April 2025.

Congress language

The congress language will be English.

Exhibition & sponsored symposia

A targeted group of biotechnical and pharmaceutical companies will be invited to organize a sponsored integrated symposium and or exhibit their products and services.

Trends in Medical Mycology is the bi-annual meeting of the European Confederation of Medical Mycology (ECMM).
